

## WHAT YOU WILL NEED TO GIVE YOUR CHOSEN DEVELOPER

HOSTING (cPanel access)

My login URL is:

My user name is:

My password is:

My domain is:

WORDPRESS THEME:

The URL and name of your chosen THEME, and a download link to the theme itself

The MOCKUP of your HOME PAGE you created using Canva.com or Word

The images you've chosen for HOME PAGE

The wording you created for HOME PAGE (provide as text not an image so developer can just cut and paste)

The 5 page-links for the HOME PAGE navbar (and images/homepage content if you've chosen to do this)

- Puppies for Sale: /[YOUR-BREED]-puppies-for-sale
- About [YOUR BREED]: /[YOUR BREED]-breed
- About Us: /about-[YOUR KENNEL NAME]-[YOUR BREED]s
- Contact Us: /[YOUR BREED]-breeder
- Testimonials: /[YOUR-BREED-NAME-2]-breeders

Your Privacy Policy (from Module 2)

GOOGLE CONSOLE

Create a new Google gmail account and password on a Browser you don't often use (e.g. Firefox, Opera) and provide it and the login details to your developer

WEBSITE EMAIL

Decide what your website email address will be and tell your developer e.g. info@your-website.com

SOCIAL LINKS

Provide your social media links to your developer:

- www.facebook.com/[YOURFACEBOOKPAGE]
- www.youtube.com/[YOURYOUTUBECHANNEL]
- OPTIONAL: Plus any other social media links you routinely use to showcase your puppies (e.g. Pinterest, Snapchat... )
